PRESS RELEASE

Embargoed until 10:00 a.m. - 03/31/17

SUPERINTENDENT SEARCH

The Wilson Central School District Board of Education has selected three candidates to continue the interview process for their Superintendent of Schools position which will soon be available due to the pending retirement of Dr. Michael Wendt. The three finalists are: Dr. Henry J. Stopinski, Founding Principal of the Health Sciences Charter School, Buffalo; Timothy Carter, High School Principal at Niagara Wheatfield CSD ; and Jill Heck, Technology Facilitator at Wilson CSD.

On April 18, 19 and 20, 2017 each finalist will meet all day with various stakeholder groups (teachers, PTA, boosters, students, support staff, and administrators) who will interview and provide the Board of Education with critical feedback regarding each candidate. Community sessions with similar opportunities for input are scheduled for the same dates from 6:00 p.m. until 7:00 p.m. in the High School Auditorium. One candidate will be available each evening of the aforementioned dates to discuss their qualifications and respond to questions from the community. The media is invited to meet with each candidate at 5 pm on those dates.

Board of Education President George Waters stated, " the Board of Education continues its review process, having narrowed the field of 12 applicants and looks forward to receiving additional feedback from the stakeholder groups and the community in April. The three finalists have the desired professional qualifications and attributes that the Board is seeking for this important school and community leadership position."

All interested individuals and representatives from stakeholder groups are encouraged to attend the public forums. Dr. Clark Godshall, District Superintendent of the Orleans/Niagara BOCES acting as Search Consultant will conduct the sessions. Should you have any questions, please contact Dr. Godshall at (716) 731-6800, Ext. 2201.
