

**Wilson Central School District
Universal Pre Kindergarten Program
2017-2018**

The Wilson Central School District would like to hold Universal Pre-Kindergarten classes at Wilson Elementary and St. Peter at Northridge for the 2017-2018 school year. They would tentatively be similar to the current programs. Other specifics of the program may need to be confirmed at a later date. Funding information is typically disseminated from NYSED in the spring.

Applications will be available shortly on the district and building websites. They will also be available at the main offices at Wilson Elementary, Central Office and St. Peter at North Ridge.

It is important to remember that our Universal Pre-Kindergarten Program is a grant program funded by the New York State Education Department. We are dependent on that funding to operate the program and changes in our state budget could impact our program.

You may indicate your location preference on the application. An effort will be made to accommodate your preference. Acceptance into the program does not guarantee a location.

Please return this information by May 31, 2017 to the Main Office at Wilson Elementary School.

Mr. Michael A. Cancilla Jr

UPK Coordinator
